Date:

What do you **personally** want to get out of your involvement with the American Cities project?

What does your **organization** want/need to get out of their involvement with the American Cities project?

What ways should the American Cities project **communicate** with your organization's leadership ?

What **role** would you and your organization like to play in the American Cities project?

Is there any **professional development or skill building** that you (or your organization) need to achieve your desired role with the project?

What **concerns** do you have about the project?

Thank you!
